Dear **Brother DeLa Cruz**,

We are happy to inform you that a computer account has been created for your use in your Bethel assignment. Here is some information that will help you in getting started. As a reminder, you may use the programs and information available to you, but you should always honor the *Confidentiality Affirmation Statement* you will sign. Also, you should make every effort to protect the security and confidentiality of Bethel's information resources. In addition, please review the [Cybersecurity Guidelines for Bethel Computer Users](#).

⚠ If your name is not correct, please do **not sign in to or setup your account. Contact the Volunteer Desk at to correct your Organization Name.**

Organization Name: DeLa Cruz, Adamson
Username: ADADELACRUZ@bethel.jw.org
Volunteer Number: 5777417 (Save this number)
Temporary Password: 3pD%8gN%6hD*

Setting Your Password

For the security of your account and the Bethel network, follow the below instructions to set your password as soon as possible.

1. On a personal device, open an Internet browser and go to <https://login.bethel.jw.org/adfs/portal/updatepassword>
2. Enter in your Bethel username in the format username@bethel.jw.org
3. Continue to fill in the fields to change your password.
 - Use a passphrase that is more than 10 characters long, unique, and yet easy to remember. Never use your Bethel password for non-organizational programs or websites.
 - Some Internet browsers offer to remember your password or keep you signed in. Do **not** use these features.

After Changing Your Password

Connecting to Bethel user guide: This user guide will have instructions for how to install Microsoft *Teams* and access your Bethel email. Follow the instructions below to view this user guide.

1. Open an Internet browser and go to <https://jwsite.sharepoint.com/sites/whq-tsl-guides/SitePages/user-guides/connecting-to-bethel.aspx>
2. In the **Sign-in address** field, enter your Bethel username with the format username@bethel.jw.org then select the **Sign in** button.

Note: If you receive any error message, try to the below solutions.

- Remove the saved passwords for <https://jwsite.sharepoint.com>, or any jw.org site.
 - Use a different browser or Incognito/InPrivate mode.
3. The first time you sign in, you will be prompted for more information to set up a secure account. Select the **Set it up now** or **Next** button to complete the Additional Security Verification process.

U.S. Branch Intranet: The Bethel Directory and other Bethel resources can be found on the [United States Branch Intranet](#). Some features are only available from a computer on the Bethel network.

For On-site Bethel Personnel ONLY

Internet access: You may connect to the branch Wi-Fi network, WRES, by following the instructions in the [WRES Connection Guide](#).

For Off-site Bethel Personnel

Generally, remote volunteers will need to use the *Secure Access VPN* for remote access to the Bethel network. Follow the instructions in the [Connecting to Bethel](#) "How to install *Secure Access Client*" and "How to connect to a Bethel computer" articles to install, configure, and connect to *Secure Access* and Bethel resources.
