As each member of the committee prayerfully considers this assignment, he should review the Convention Committee members' duties as discussed in *Convention Organization Guidelines* (CO-1). The program overseer and the rooming overseer should contact the Convention Committee coordinator and inform him whether they are willing to serve on the committee. If the mailing address, mobile phone number, or home phone number shown above is not correct, the committee member should make the necessary corrections on JW Hub. However, any changes to other numbers, such as work and fax numbers, should be brought to our attention. If all three brothers agree to serve, the Convention Committee coordinator should send the accompanying *Convention Committee Acceptance and Rooming Information* (CO-68) form to the Convention and Assembly Desk in the Service Department. This should be done immediately. If a brother cannot accept his assignment, the Convention Committee coordinator should immediately call the Convention and Assembly Desk.

Appointed Convention Committee members will automatically be granted access to the JW Hub convention domain. The Convention Committee should use the Convention Information feature on JW Hub to assign responsibilities to convention personnel.

Contact information for the brother invited to serve as the convention chairman will soon be available by means of the Contact Search feature under the “Lookup” tab on JW Hub.

If during the convention an emergency arises after working hours or on Saturday or Sunday and a member of the committee needs to consult with the Convention and Assembly Desk, he may call the branch emergency number to request assistance.

We look forward to hearing from the Convention Committee coordinator soon regarding the aforementioned convention appointments. May Jehovah richly bless your willing service and self-sacrificing spirit.

Your brothers,
*Christian Congregation of
Jehovah's Witnesses (Australasia)*
