Current control point: The branch approved the Ashburton Tagalog Congregation on 2 September 2026. Congregation 3814 will begin functioning on 1 November 2026 in Circuit NZ-2 under circuit overseer Anthony Radi. Until then, complete the confidential postscript's transition instructions while the group remains under the Ashburton host body of elders.

Next action: Read the approval letter—without its confidential postscript—at the first midweek meeting after receipt and then post it. Ask the branch Accounting/Legal function to confirm the exact legal entity, charity/tax identifiers and bank-account process for congregation 3814; meanwhile complete leadership, JW Hub, shared-hall, accounting, meeting and ministry readiness for 1 November 2026.

Present position

Workstream	Current position
S-51 — Congregation Application/Information — proposed congregation	Submitted The signed proposed-congregation S-51 was sent to the circuit overseer on 9 August 2026 and formed part of the approved recommendation. The official branch identity is congregation 3814 in Circuit NZ-2.
S-51 — Congregation Application/Information — Ashburton host congregation	Submitted The Ashburton host-congregation S-51 has been sent to the circuit overseer. The exact send date is not recorded locally.
S-29 — Coordinator/Secretary Change of Address	Submitted The completed signed scan was submitted on 30 August 2026. Adamson dela Cruz is now confirmed as coordinator for the approved congregation; the branch postscript says no S-62 is needed for the assigned coordinator.
S-5 — Kingdom Hall Information	Submitted The submitted copy records the proposed name, 1 November 2026 effective date, street address, GPS coordinates, contact number, Thursday 7:15 p.m. midweek meeting, and Saturday 7:00 p.m. weekend meeting. The congregation number is intentionally blank for the proposed congregation. The city, province or state, and zone or code lines were blank in the transmitted copy; retain this as a possible correction point if Daniel requests an update.
M-202 — Periodical Request	Submitted The completed signed scan was submitted on 30 August 2026. This is the only listed item for which S-50 explicitly offers an after-approval alternative.
S-36 — Shipping Information	Submitted The submitted copy leaves the ship-to congregation number, ship-to congregation name and date blank and lists only Ashburton Tagalog in the literature group. S-50 par. 5(5) directs that all congregations in the Kingdom Hall Literature Group be listed and that the ship-to congregation complete a copy. Retain this as a possible correction point if Daniel requests an updated S-36.
S-6 — Territory Adjustment Request	Submitted The completed signed scan and two supporting territory maps were submitted on 30 August 2026.

Decisions requiring confirmation

- **What date and reporting period apply to the 34 progressive Bible studies?** — The number was supplied separately and is not printed in the local proposal or S-303. DeckHand reports 47 total Bible studies for the proposed group in July 2026, confirming that 34 progressive studies is a narrower measure and should not replace the form's Bible Studies figure.
- **Does Daniel want only the Ashburton Tagalog group row or a wider language-field return?** — The attached form is generic and plural, but Daniel's email to Adamson does not state the required reporting scope.
- **How many persons were baptized in the Ashburton Tagalog field during the 2026 service year?** — The attached form asks for baptisms during the service year, not the total number of baptized publishers. DeckHand's circuit-assistant export provides a baptism-date column, but it is blank for all 228 Ashburton records, so it cannot establish this figure. The working form correctly marks this cell TBC.

Approved: The official name is **Ashburton Tagalog Congregation of Jehovah's Witnesses, Ashburton, New Zealand**. Congregation **3814** begins functioning **1 November 2026** in **Circuit NZ-2** under **Anthony Radi**. The confidential launch instructions are now the controlling workstream.
