Current control point: The branch approved the Ashburton Tagalog Congregation on 2 September 2026. Congregation 3814 will begin functioning on 1 November 2026 in Circuit NZ-2 under circuit overseer Anthony Radi. Until then, complete the confidential postscript's transition instructions while the group remains under the Ashburton host body of elders.

Next action: Read the approval letter—without its confidential postscript—at the first midweek meeting after receipt and then post it. Ask the branch Accounting/Legal function to confirm the exact legal entity, charity/tax identifiers and bank-account process for congregation 3814; meanwhile complete leadership, JW Hub, shared-hall, accounting, meeting and ministry readiness for 1 November 2026.

This combined document is designed for review at a planning meeting. Use the interactive portal for navigation and the persistent checklist for ticks and notes.

Preparation Meeting Agenda

Date: _____

Time: _____

Location: _____

Chairman: _____

Suggested duration: 90 minutes

Purpose: Prepare the Ashburton Tagalog Congregation to begin functioning on 1 November 2026 by identifying proposed role assignments, assigning preparation work and surfacing decisions that require formal approval or Branch direction.

Meeting boundary: This is a preparation meeting, not a body-of-elders meeting. Record proposed names and action owners. Formal appointments, congregation decisions, shared-hall decisions and external legal or banking actions must be made or confirmed by the authorised brothers or body under current direction.

What this meeting should produce

- Proposed names or follow-up owners for every priority responsibility.
- Owners and deadlines for the first month of meetings, ministry, records and Kingdom Hall arrangements.
- A clear list of matters requiring formal approval or outside direction.
- One action owner for the Branch Accounting/Legal inquiry; no unauthorised charity, tax or banking action.

Timed agenda

Time	Agenda item	Discussion	Required result
0-5	Opening and purpose	Prayer; restate the 1 November start date and the purpose of tonight's discussion.	Everyone understands what may be prepared, proposed or formally decided.
5-12	Where the project stands	Approval received; congregation 3814 in Circuit NZ-2; Adamson dela Cruz confirmed as coordinator and Dave Asuncion as secretary; review the Branch transition instructions without circulating confidential material.	One shared understanding of the approved identity, effective date and current arrangement.
12-37	Priority responsibilities and proposed brothers	Work through the priority role table: service overseer, meeting oversight, accounts, literature, territory, field service groups, cleaning and shared-hall liaison.	A proposed name or a named follow-up owner for every priority vacancy.
37-52	Meetings and teaching	First-month schedule; public talks; Life and Ministry assignments; Watchtower conductor and substitute; chairmen, readers, A/V and attendants; confirm Thursday 7:15 p.m. and Saturday 7:00 p.m.	Owners and target dates for the first four weeks of meeting schedules and rosters.
52-65	Ministry and publisher care	Field service group structure; publisher placements; interim S-6 territory; literature and periodical requests; pioneer and publisher-record transition after 1 November.	Proposed group structure and named owners for territory, literature and record reconciliation.
65-75	Administration, JW Hub and Kingdom Hall	JW Hub access; secure congregation file; S-21/S-88 records; information board; cleaning schedule; emergency contacts; S-46 shared-hall matters and Kingdom Hall Operating Committee liaison.	Administrative setup tasks assigned, with any combined-body decisions clearly flagged.
75-83	Optional: charity, tax, bank and accounting preparation	Confirm that Branch Accounting/Legal direction is needed first; identify who will obtain current S-27 and clarify the legal entity/account name; list—but do not yet execute—bank onboarding and conditional charity/IRD steps.	One inquiry owner and a document-gathering owner; no unauthorised registration or account opening.
83-90	Actions, deadlines and next review	Read back every action with owner and due date; identify what goes to the host body, prospective/new body, combined bodies, circuit overseer or Branch; set the next preparation review.	A complete action register and date for the next review.

Questions to work through

- ☐ Which roles absolutely need a named brother before the first meeting, and which can be covered temporarily?
- ☐ Do the proposed brothers have the availability, ability and eligibility indicated in the organisation chart?
- ☐ Who has formal authority to confirm each proposal, and by what date should that confirmation be obtained?
- ☐ How many field service groups should begin on 1 November, and who will care for each group?
- ☐ Who will prepare and check the first four weeks of meeting, ministry and Kingdom Hall rosters?
- ☐ What records, access, supplies or information must come from Ashburton or other former congregations?
- ☐ What must be agreed with the other bodies using the Kingdom Hall?
- ☐ Who will contact Branch Accounting/Legal for the legal-entity and bank-account instructions?

Optional discussion — charity, tax, bank and accounts

Discuss only enough to assign preparation work. Do not create an entity, register with Charities Services, apply for an IRD number or open an account under an assumed name before Branch Accounting/Legal identifies the approved arrangement. Obtain the current S-27 before designing the accounting workflow.

Suggested discussion only:

1. Who will ask Branch Accounting/Legal which legal entity, official account name, charity/IRD identifiers and bank process apply to congregation 3814?
2. Who will obtain the current S-27 and accounting tutorials?
3. Who can prepare—but not yet submit—the likely bank documents, identity evidence and draft minutes?
4. If the Branch directs a separate registration, who will coordinate the approved governing documents, officers and statutory calendar?

Oversight and responsibility view

Oversight and Responsibility View

The body of elders provides collective spiritual oversight. The coordinator helps the body work in an orderly way but is not the coordinator of the congregation and does not independently direct the other elders.

How to read the lines

- A role may be selected by the body of elders but have day-to-day oversight from one service-committee member. For example, the body decides who serves as public talk coordinator, while the coordinator of the body of elders oversees that work.
- Field service group overseers or servants are determined by the body of elders; the service overseer visits and coordinates with the groups, and the Congregation Service Committee assigns publishers to groups.
- The shared-hall operating committee is appointed by the combined bodies of elders, not by the new congregation's coordinator alone.

Important launch notes

- Adamson dela Cruz and Dave Asuncion are the only names currently recorded as confirmed in this chart.
- The service overseer is the first vacancy to settle because that assignment completes the Congregation Service Committee.
- The branch letter says S-62 recommendations are submitted after the new congregation begins functioning for elders and ministerial servants who transfer. No S-62 is needed for the brothers assigned as coordinator and secretary.

- Because the Kingdom Hall is shared, the chart records a Kingdom Hall Operating Committee representative or liaison, not a separate maintenance coordinator for the new congregation.
- Public talk chairmen and Watchtower readers are rosters, not single offices; additional assistants are assigned only if needed.

Ministerial-servant eligibility notes

- For field service groups, an elder is a group overseer; when there are not enough elders, a qualified ministerial servant may serve as group servant or group assistant (SFG 1:21).
- For auxiliary counselor, an experienced elder should be used whenever possible; the conditional badge flags that an MS should not be treated as the normal choice (SFG 4:15).
- A Kingdom Hall Operating Committee may include elders or ministerial servants, but its coordinator should be an experienced elder (SFG 13:6).
- Secretary support means assistance with field-service reporting tasks under the secretary, not appointment as the congregation secretary (SFG 1:14).

Congregation Start Checklist

Official start: 2026-11-01 · **Congregation:** 3814 · **Circuit:** NZ-2

Legal and banking control: Do not independently create a charitable trust, register a charity, obtain a new IRD number, or open an account under an assumed entity. First obtain written direction from the branch Accounting/Legal function identifying the legal entity, official account name, tax/charity identifiers, governing documents and authorised banking process for congregation 3814.

The short version

Before 1 November, complete the announcement, leadership, JW Hub, accounting, shared-hall, meeting and ministry setup. On or shortly after 1 November, transfer people and records, confirm pioneers and appointed brothers, and begin congregation records. After November, submit the first field service report and operate the monthly accounting and compliance routines. Charity registration is conditional on branch direction; bank-account preparation may begin now, but the legal account holder must be confirmed first.

Use the persistent master checklist to tick these tasks and save notes. This page is the meeting-friendly launch view; the branch letter and current official direction remain controlling.

Launch gates

Gate	Meaning
Branch Required	Explicitly required by the approval letter or another cited official instruction.
Operational Readiness	Needed so the congregation can function cleanly from the start, even if the approval letter does not list it.
Confirm First	Do not execute until the branch or other named authority confirms the exact arrangement.
Post Start	Complete on or after 1 November, or during the first reporting cycle.

A. Before 1 November — establish control and readiness

These are decision support for a structure approved by the branch—not authority to create a separate entity independently.

- Charities Services — Online registration application — Lists the entity, rules, officers, activities and documents required if separate registration is directed.

- Charities Services — Annual returns — Registered charities file an annual return within six months after balance date.
- Inland Revenue — IRD number for a not-for-profit — Explains entity sequencing and that intended Charities Services applicants should not separately apply for an IRD number.

- Christian Congregation of Jehovah's Witnesses of New Zealand — CC36365 — Public evidence that a nationwide entity is registered; it does not by itself establish the legal arrangement for congregation 3814.

Research conclusion: Charities Services says registration is voluntary. Public-register research located nationwide Jehovah's Witnesses charitable entities, but did not establish that congregation 3814 must register separately. Therefore the safe first action is written confirmation from the branch Accounting/Legal function of the correct entity, IRD, charity and bank arrangement.

Requirements and Evidence

Confirmed position: All S-50 gates, including par. 6, are confirmed. The official approval letter sets 1 November 2026 as the start date and supplies the transition instructions.

Requirement	Current evidence	Status / what remains

The reporting date for the separate figure of 34 progressive studies remains a data-provenance question, not an S-50 blocker.
S-50 par. 2(3) A solid core of spiritually mature publishers is fluent in the language.	• 31 active publishers in the August proposal • 10 regular pioneers in the August proposal	Confirmed Confirmed in the S-50 review.

S-50 par. 3 Each publisher or family head freely	—	Confirmed Confirmed in the S-50 review.

Requirement	Current evidence	Status / what remains
decides which congregation the family will attend; no one is pressured.		
S-50 par. 5 The circuit overseer verifies the accurately prepared recommendation information before sending it to the Service Department.	- Proposed-congregation S-51 received and reviewed by the circuit overseer - Ashburton host-congregation S-51 sent to the circuit overseer	Confirmed Confirmed in the S-50 review. Both requested S-51 forms have been sent; remaining forms should follow current direction.
S-50 par. 6 Wait for branch approval and use the start date and further instructions in the approval letter.	- Branch approval letter dated 2 September 2026 - Official start date: 1 November 2026 - Congregation number: 3814 - Circuit assignment: NZ-2 under Anthony Radi	Confirmed Approval and the official start date have been received. The congregation must now carry out the further instructions in the letter's confidential postscript.

S-50 par. 6 outcome

The branch approved the congregation on 2 September 2026. Congregation 3814 begins functioning on 1 November 2026 in Circuit NZ-2. The remaining work is implementation of the confidential postscript, not further approval.

Calculations

Calculation	Result	Formula	Caution
Active rate	88.6 percent	$\frac{31}{100} \times \frac{35}{35}$	35 is the total listed population, not automatically the S-51 Regular field.
Active publishers per appointed brother	4.4 publishers per appointed brother	$\frac{31}{2} \div (5 + 2)$	A ratio does not prove language fluency or availability.
Bible studies per active publisher	1.48 studies per active publisher	$\frac{46}{31}$	The numerator and denominator come from different reporting dates.
Progressive share of reported studies	73.9 percent	$\frac{34}{100} \times \frac{46}{46}$	Use only after confirming the two figures cover the same reporting period.
Publisher growth from June representation to August list	6.1 percent	$\frac{(35 - 33)}{33} \times 100$	Compares represented/listed totals, not necessarily average active publishers.

Population evidence: the 1,605 census figure is for Filipino ethnicity in Ashburton District; the 2.17% figure is language ability; the approximately 3,000 figure is an informed local estimate for the wider Mid Canterbury area. They are useful together only when their different measures and geographies remain explicit.

Hi Daniel,
Just to confirm the scope of the form, would you like me to enter only the Ashburton Tagalog Group in the 'Groups and Pregroups' section, leaving the 'Congregations' section blank? Or is the return meant to cover other language fields in the circuit as well?
I'm also confirming the number baptized in the group during the 2026 service year.
Warm regards, Adamson
