

REPORT ON CIRCUIT OVERSEER'S VISIT WITH CONGREGATION

Congregation number: 1016 Dates served: June 16-21, 2026
Congregation name: Ashburton (Tagalog group) City: Ashburton Province or state: NS
Circuit overseer: Daniel Martin Circuit number: NZ1

Briefly describe the spirit of the congregation and any encouragement or counsel given:

The Tagalog group continues to be effective, there is 29 baptised publishers and 4 un-baptised publishers. They conduct 46 Bible studies and students continue to make excellent progress. There are 54 maps containing a total of 760 addresses. Despite this limited number, the group remains productive. Meetings: Every weekend for the P/T and Wt Study (Average Attendance - 40) Once a month for full Tagalog midweek meeting and twice a month for the Tagalog CLAM. (Average Attendance- 38)

The host congregation is struggling to support the group adding an extra load to the elders in the group. Field service groups needed to be restructured as the Tagalog group was dispersed into English field service groups and elders within the group were overseers of English groups, this has affected shepherding and made training difficult. Thank you for the support give to Jehovahs precious sheep.

(Before leaving the congregation on Sunday and at a time that does not interfere with field service arrangements, this report should be reviewed with the Congregation Service Committee. A copy should be left with the coordinator of the body of elders for all the elders to read and for it to be reviewed at the next quarterly elders' meeting.)
