Purpose and desired outcomes

By the end of the meeting, the committee intends to:

- Agree unanimously on a qualified Program Overseer Assistant.
- Identify and approve a qualified Attendant Overseer to replace Ron Mariano.
- Confirm who will participate in the CO-53 observation and postconvention evaluation process.
- Assign owners and due dates for notifying, recording, and communicating the approved appointments.

1. Opening

- Opening prayer
- Confirm purpose, attendees, and decision-making responsibility
- Note that committee-member assistants may participate in discussion, but final committee decisions remain with the three Convention Committee members. (CO-1 1:31)

2. Program Overseer Assistant

- Review the role and training purpose of a committee-member assistant.
- Review qualified possibilities, including prior committee-assistant or department-overseer experience, age, availability, spiritual qualifications, and development potential.
- Avoid choosing only from brothers personally familiar to the committee.
- Seek unanimity among the three committee members.
- **Decision:** Name the Program Overseer Assistant.

- **Actions:** Coordinator records the decision; assigned committee member contacts the brother; update JW Hub Convention Information and the working chart after acceptance.

3. Attendant Overseer replacement

- Confirm whether Ron Mariano ceases serving as Attendant Overseer upon becoming Coordinator Assistant.
- Review up-to-date assembly organisation rosters and any circuit-overseer recommendations.
- Consult the convention chairman before inviting a replacement, so Chairman's Office personnel needs are considered.
- Review the brother's ability to organise attendants, handle safety/security matters maturely, communicate lovingly, and train assistants.
- Committee members and confirmed committee assistants discuss the selection; the Convention Committee approves the appointment.
- **Decision:** Name the Attendant Overseer replacing Ron.
- **Actions:** Contact the brother; update JW Hub, chart, personnel pages, and department communication record after acceptance.

- Review and discuss CO-53.

- Circulate the master early so the authorised group can make meaningful observations.
- Do not decide ratings at this preconvention meeting; the group agrees on the final evaluations after the convention.
